Re: Carte Blanche 'Electrical Nightmares' 19 January 2020

Concerns were raised after Carte Blanche aired an investigative segment entitled 'electrical nightmares' on 19 January this year.

The programme was about a Johannesburg electrician who had allegedly overcharged clients and Highveld Regional Director, Chris Koen was asked to comment.

At around four minutes into the video, a statement is made by the journalist that "... the ECA(SA) recommends no more than a 20% mark-up on parts".

Mark Mfikoe, National Director for the Association says, "The ECA has no pricing policy and does not dictate to members what they should or shouldn't charge."

MARK MFIKOE
NATIONAL DIRECTOR
